## **CAPTURE AUSTRIA**

17.- 31. August 2024 Austria – Melk & Rauris Valley

A mindful photographic adventure through the natural and cultural landscape

The first week will be hosted by RC Melk and accommodation will be provided in the Abbey of Melk.

The second week the participants will stay in Rauris in an alpine lodge in the Hohe Tauern National Park.

The emphasis will be on hiking and discovering the raw Alpine landscape.

AIM OF CAMP: Under the guidance of a professional photographer and a movement expert who will both be leading the workshop, the participants will learn how to capture the essence of their surroundings and experiences on their adventure through Austria.

They will experience the beauty of various cultural and natural highlights and will be guided on how to use simple methods and tools to help refine their view and translate that into artistic expression. With the material created and lessons learned during their stay they will contribute to a group performance at the end of the camp.
